I would like to request a refund for some issues that were presented for my daughter wedding on Aug 4 this year at the Ilderton Community Centre they were as follows

- 1- the fridge in the kitchen was leaking water that caused a slip and fall hazard we had to put down a towel to keep the leak contained.
- 2- the sink in the bar area was leaking water from the bottom whenever it was used and a bowl was put under it to keep the water from leaking all over.
- 3- the west emergency doors both handles were falling off
- 4- main street was closed 5 hrs prior to Stott and Tessa party for no reason. I found this out at 1030am when the florist and the people delivering the cake couldn't get to the hall. I was able to get the road reopened at 1230 this all caused me to miss getting pictures taken with the bride as she was getting ready. Those missed moments can't be replaced.

This is my formal request for time with council. Let me know what time I will be allowed to do my presentation.
